Time 8am - 4pm

***This training is designed to:*** Train employees using a chainsaw for removal of trees, limbs, brush or for storm clean-up which is regulated by either OSHA 1910.266 Logging Operations standard or ANSI Z133-2017 Arboricultural Operations standard. Afternoon will be Electrical Hazard Awareness Training. Those who should attend include all supervisors, foreman, field operators, climbers, owner operators, or any workers who may be required to operate a chain saw during daily duties, regardless of the frequency of use.

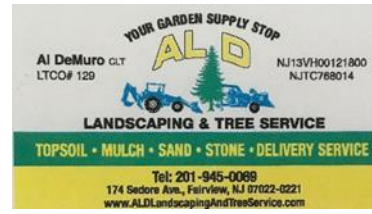

***Why attend, request training:*** Using a chain saw is one of the most dangerous jobs encountered. This training will highlight safe operating practices and proper techniques. The techniques will be demonstrated; students may also participate in hands-on learning. This workshop will include:

- \*understanding the ANSI Z133 standard and how it applies;
- \*personal protective equipment (PPE) requirements;
- \*chain saw maintenance procedures;
- \*chain saw sharpening procedures;
- \*EHAP (Electrical Hazard Awareness Program)

This is not EHAP Certification.
